Total Farm Plan

"We wanted a total farm planned approach to our farming system and after using the RLF products we were very pleased with the on-farm service and support that we received. RLF's on farm backup and focus on fertiliser efficiency helped us develop our farming practices to a far more profitable level. Our crops perform better in the dry years and better in the wet years. We apply BSN Superstrike to all our seed and foliar spray CSF over every hectare of crop!"
