Second Season Using BSN

"This is my second season using BSN. I was satisfied with the results of the trials we ran last year, so this year, we have applied BSN to all our wheat, barley and chickpeas. We have found BSN very easy to use. It is compatible with seed treatments and is very cost effective. Using BSN, the crop pops up a lot quicker and has a larger root system."

Farmer

Michael Pearlman

Location

New South Wales, Australia

Property Size

2000 acres

Farm Enterprise

Wheat, Barley, Chickpeas
